News and information from the
[Research Medical Library](#)

The Library is Temporarily Closed

MD Anderson has a vital role to play in protecting our patients, our workforce, and our community during the coronavirus disease (COVID-19) global public health emergency. The Library is following institutional restrictions by closing temporarily. We are very sorry for the inconvenience, but we are here for you.

Access Library Resources

- Bookmark our website: www.mdanderson.org/library/
- Off-campus? [Login to access](#) all of our journals, eBooks, and databases.
- [Search the library](#) for the latest articles, books, and more.

Activate Your LinkedIn Learning Account Today

The Leadership Institute and the Research Medical Library have collaborated to fund the expanded version of LinkedIn Learning. It's now easier than ever to sign up for an account and begin your continuing-education journey. MD Anderson faculty, staff, and students can get free accounts by visiting www.linkedin.com/learning/activate and entering their "@mdanderson.org" email addresses.

Once you've completed a course, you can add a certificate of completion to your LinkedIn profile. [Get more tips on LinkedIn Learning here.](#)

COVID-19 Resources & Help

New information about the COVID-19 outbreak is emerging daily. The library has created a research guide with links to public information on COVID19:

<http://mdanderson.libguides.com/covid19>.

We will continue adding to this guide as information becomes available.

Our expert literature searchers are available to assist you with rapid literature searches pertaining to any clinical questions, including questions about COVID-19.
