Dear Mike:

I received your letter regarding the representation of the Michigan Cancer Foundation, which I assume includes the Detroit Cancer Institute, in the American Association of Cancer Institutes.

May I suggest you write to Henry M. Lemon, M.D., Secretary-Treasurer of the AACI concerning your interest in representing that institution and receiving correspondence relative to it.

Sincerely yours,

R. Lee Clark, M.D.

Dear Lee:

I had intended to come to the Cancer Institute Director's meeting on the 29th when it was first announced but it developed that my daughter set her wedding date for the 30th and consequently I was at a rehearsal dinner on the night of the 29th and in no position to come to the meeting in May.

However, in the future I will be attending these meetings as a representative of the Michigan Cancer Foundation and I should like you to address whatever correspondence there may be about these meetings to myself if it is intended for the official representative of the Institution.

Sincerely yours,

MICHAEL J. BRENNAN, M.D.

Dear Murray:

Many thanks for your Feb. 28th letter and attachments regarding application of our candidate (AC-5033) for membership in the N.O.C.D.O. Next week I shall explain possibilities of concurrence from Dean S.C. Cullen.

It was nice talking to you and see on the phone this other evening, although briefly. Don't work too hard and be sure to take good care of yourself.

Sincerely,

Dave
